

The fine & speciality chemicals exhibition

CHEMSPEC IS COMING TO THE UNITED STATES

**Chemspec, the International Exhibition for Fine and Specialty Chemicals,
to Co-Locate with INTERPHEX 2020**

April 28-30, 2020 | New York City, New York

**FEATURING FINE AND SPECIALTY CHEMICALS, BIO-CHEMICALS, AGROCHEMICALS
AND BIOCATALYSTS**

Chemspec USA brings together suppliers and decision-making professionals purchasers looking for products or specific substances to enhance a product/drug or develop new chemical solutions. The event provides a platform to discuss the latest market trends, technical innovations, business opportunities and regulatory issues in this rapidly changing market. For its debut and co-location with INTERPHEX 2020, Chemspec USA will focus on the verticals that have a natural crossover with INTERPHEX such as pharmaceuticals, bio-chemicals, agrochemicals and biocatalysts before expanding to the broader categories offered at the European event.

WHO ATTENDS

C-level and senior to mid-level executives from pharma, bio, device and contract development and manufacturing companies.

TOP 2019 ATTENDEE JOB CATEGORIES

Analytical/Lab Chemists	Engineering, Process QA/QC
General Mgmt	Engineering, Bioprocess
Contract Services	Scientist/Chemist
Mfg, Production	Executive Mgmt
Drug Development	R&D
Mfg, Quality	Formulation
Engineering, Chemical	Sourcing/Procurement
Product Designers	

TOP 2019 ATTENDEES WERE SOURCING

Small Molecule Generics
Large Molecule biosimilars
Large Molecule New Bio Entities
OTC Big Pharma/Bio
Small Molecule New Chemical Entities
Big, Mid- and Small- size Pharma
Contract Service Supplier
Small Bio

EXHIBITOR PROFILE

Exhibitors at Chemspec USA are manufacturers, distributors, regulators, equipment suppliers, raw materials suppliers, traders, agents and consultants, featuring the full spectrum of fine and specialty chemicals for various applications and industries. Attendees are looking for the following technologies, products and services.

TOP 2019 ATTENDEE JOB CATEGORIES

- Chemical Intermediates
- Agrochemical AIs
- Pharmaceutical APIs
- HPAPIs
- Bio-Based Chemicals
- Catalysts
- Biocatalysts
- Water Treatment Chemicals
- Waxes
- Rheology Modifiers
- Peptides & Proteins
- Industrial Chemicals
- General Chemicals

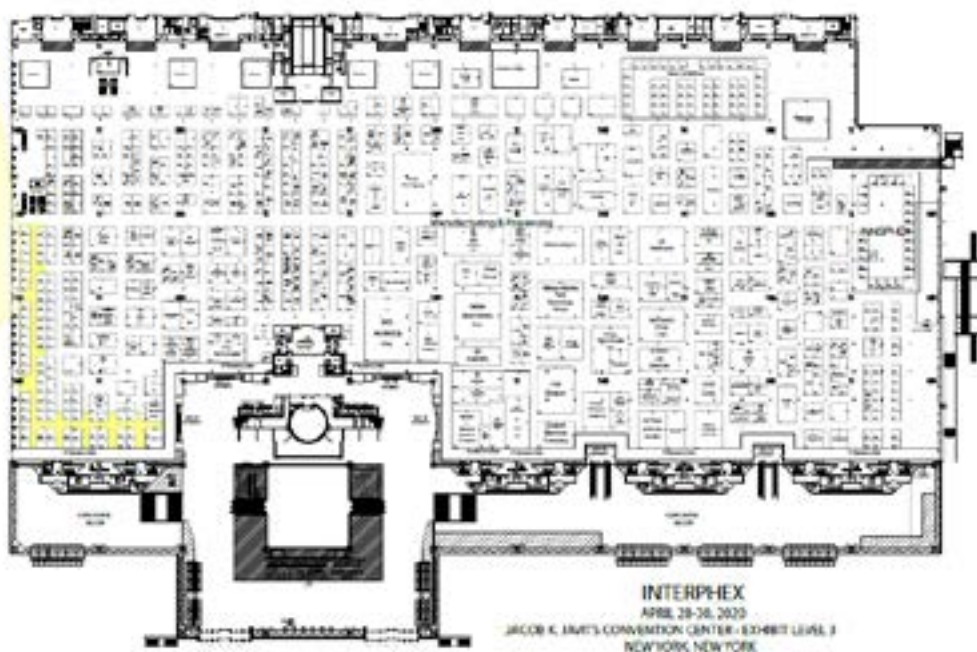

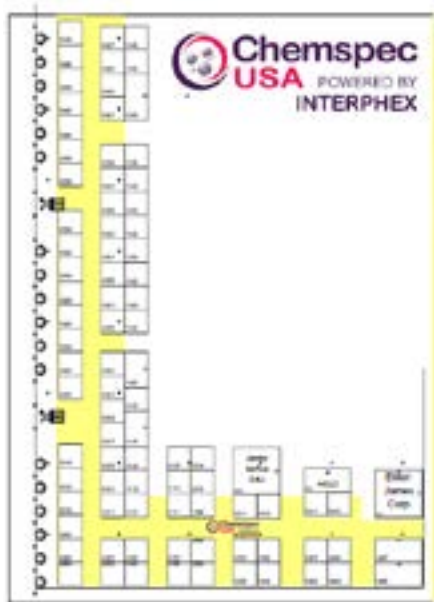

SERVICES

- Contract/Outsourcing
- Custom Synthesis
- Distribution/Logistics
- Supply Chain
- Regulatory
- Technical Consultancy

TECHNOLOGY & EQUIPMENT

- Plant Equipment
- Production Equipment
- Processing Equipment
- Testing Equipment
- Flow Chemistry Solutions

CO-LOCATED WITH INTERPHEX 2020
